Update

Autumn 2010

- Tanzania Update
- Kingdom Business
- The home front

You are... God's people and members of God's household, built on the foundation of the apostles and prophets, with Christ Jesus himself as the chief cornerstone. In him the whole building is joined together and rises to become a holy temple in the Lord.

Eph 2:19-21

Greetings

Greetings to you all in Jesus Christ.

Welcome to our Quarterly Update. The last few months have proved extremely eventful and challenging as the Spirit of God continues to lead the way.

Tanzania Update

As you may be aware, AHI has been actively involved in many initiatives in Tanzania. Elibariki Mmbando is our apostle-on-the-ground in Tanzania who tirelessly facilitates this work for the sake of the Kingdom.

The Church in Arusha

As we reported previously, Elibariki has been overseeing a new church being planted in Arusha. The land was purchased last year and the photos below show that construction of the building is well under way.

Kepha and Lydia, two of Elibariki's disciples have been given the leadership of the church in Mirerani and Elibariki has been overseeing the process of handover as God leads him to Arusha. There is a real sense of the great need in the city for the true Gospel of Christ to be preached. Just like in the West where the Gospel has been watered down and perverted to suit the individual, the spirit of the age is also at work in this part of the world. However just like in Acts 2 where "...the Lord added to their number daily those who were being saved", many new believers have joined the church in Arusha. This is calling for much prayer for God to provide wisdom and resources to disciple these hungry people.

Kingdom Business

There have been many developments in the church in Tanzania with several new initiatives and clear directions which the Spirit of God has brought forth. Through the Apostolic guidance of AHI, Kingdom business has continued to be at the forefront of Elibariki's mind with definite leading by the Spirit to equip the church through business development. Various business ideas are being explored and have been started. Through this process, individuals are being built up and discipled to trust more and more in God's abundant provision as well as to see themselves as ministers responsible for the welfare of their fellow brothers and sisters. As mindsets are renewed, children of God are being changed from consumers as they once were in the world to being contributors to the work of the ministry.

Tanzania Update continued...

Home School

After Elibariki's visit to Perth last year and his time with Apostle Michael, there has been a leading in the area of education for the children, where Elibariki feels the Spirit's leading toward Home Schooling. This is calling for faith in God who called us to train our children in the way they should go so that when they are old they will not turn from it. There is an increasing conviction that this work can only be done by believing parents. For many families this undertaking would have been overwhelming not so long ago. As long as God's purposes are being unveiled and pursued, all things are working for the good of those who love Him. He is working all things for the good of those who love Him.

Kingdom Business

Here in Perth Apostle Michael Fewson, has spent the last twelve months overseeing the development of two new Kingdom Businesses, Basically Barista and Essence of Coffee.

"Will the Real Church Stand Up brings an important word to those who are passionate about hearing what the Spirit is saying to the churches in our day. With extraordinary insight, Michael Fewson clearly describes the faulty pathways that the churches of the old wineskin have been choosing. He then shines a light of hope for those who recognize the new apostolic wineskin that lays the biblical foundation for the church in a much more promising future."

C. Peter Wagner, Presiding Apostle
International Coalition of Apostles

Several years ago Apostle Michael heard the Lord speak to him about Kingdom Business. Where many have had God's leading in different directions regarding Kingdom Business, Apostle Michael has had revealed to him that it is God's intention to free His children from the tyranny of the workplace, growing them to a people of faith who are able to freely build the Kingdom of God.

As this direction has been pursued, God has faithfully led the way and the businesses have provided opportunities for the light of the glory of Christ to shine as a peculiar people love one another through service and stand in sharp contrast to a world that encourages individualism.

The Home Front

In January this year Levi Pullella was born to Apostle Michael's daughter and son-in-law. The Lord has blessed their family and the little boy continues to grow in strength and health.

The last twelve months have also brought forth challenges to Apostle Michael in the area of his health. He underwent major kidney surgery last year, and continues to recover from that. Throughout this difficult time, God has continued to reveal Himself as all sufficient Father and provider so that we may only boast about Him and Him alone.
